

SIMULATION / TRAINING

# AMBULANCE ONE

MEDICAL AIR TRANSPORT SIMULATOR

HUNGARIAN DEFENCE  
EXPORT AGENCY LTD.

## BENEFITS

- Enables medical personnel to refine their patient management skills during in-flight transport scenarios
- Features an array of medical devices designed to monitor the condition of the patient on board
- Presents an authentic environment with randomly deteriorating patient conditions, challenging trainees to adapt and respond
- Requires trainees to adhere to time constraints while checking devices and executing appropriate procedures to manage the situation
- Includes an AI-powered trainer present within the simulation, readily available to address any questions or concerns
