

GM6LYNX

HEAVY SNIPER RIFLE

BENEFITS

This unique, multi-purpose rifle combines the strengths of sniper rifles, combat rifles and anti-material weapons.

It is suitable for use by land-; air-; territorial and independent armed forces.

Its task is to destroy the enemies key pinpoint targets, armoured rifle troops in vehicles, light shelters and buildings, radio- electronic construction, missile launchers up to 2000+ meters distance and hovering helicopters within a 600-800 meters shooting range.

It generates significantly (5-8 times) greater muzzle energy than the conventional small arms.
